

LUCILLE KENNEY

Graphic/Website Designer

SUMMARY

I am a Graphic and Web Developer/Designer with a unique balance of artistic and technical skills, extensive experience hand coding HTML and CSS as well as very strong technical skills in the Adobe Applications.

EXPERIENCE

Website Design

Managed and maintained corporate websites since 1996.

Designed and developed websites using HTML and CSS and on cross platform.

Built project websites from Dreamweaver Templates for clients to edit and maintain using Contribute.

Designed corporate buttons as links to pdfs and urls distributed via email.

Graphic Design

Oversaw print production and established best practice work flows in Adobe Applications for various design projects.

Developed logos and collateral pieces for student clubs.

Interactive Design

Developed corporate holiday card in Flash.

Created animations in Flash and ImageReady.

Designed and developed digital interactive animations using Director, Adobe Premier, and Sound Edit 16 on "*The Life Cycle of a Dragonfly.*"
